

Requesting Computer Generated Captions for Videos in Wistia

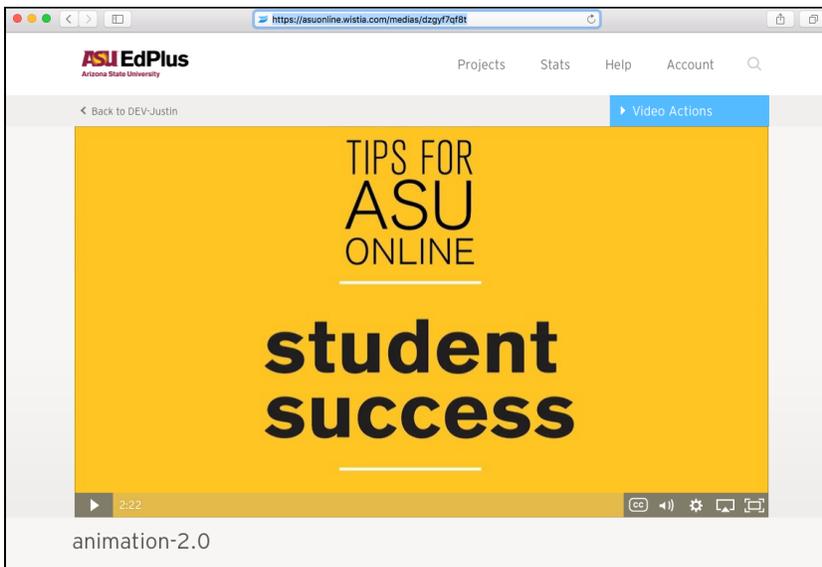

This step-by-step visual tutorial guide will walk you through how to submit videos for computer generated captions for videos in the Wistia media server.

Step 1: Log into the Wistia video manager

Visit asuonline.wistia.com and log in to see your video projects.

Step 2: Navigate to the video you want to submit for captioning

Leave this window up in your internet browser. We will need the direct link in the top web address part of the browser.

Step 3: Fill out the request form

Visit the webpage onlinestudio.asu.edu/caption-request and fill in the information.

Wistia Automated Video Caption Request

Fill out this form to request computer generated captions for videos in the Wistia media server.

Your Name *

First Last

Your Email *

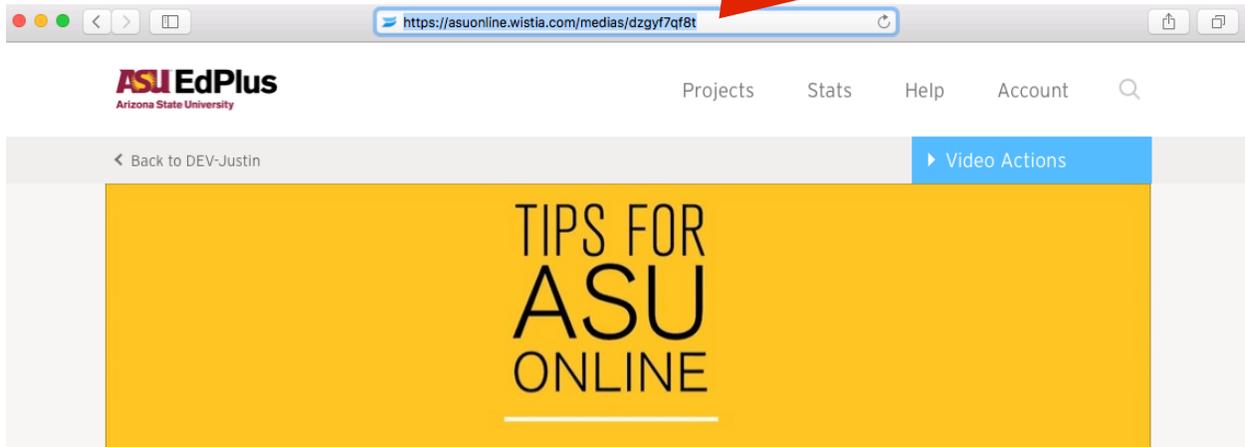

What is your course prefix?

Who is your assigned Instructional Designer from ASU Online?
Don't Know

Please paste in the Wistia video links or the Wistia project link.
<https://asuonline.wistia.com/medias/dzgyf7qf8t>

Submit

The last box on the form is requesting the video link, paste the video link from Wistia.

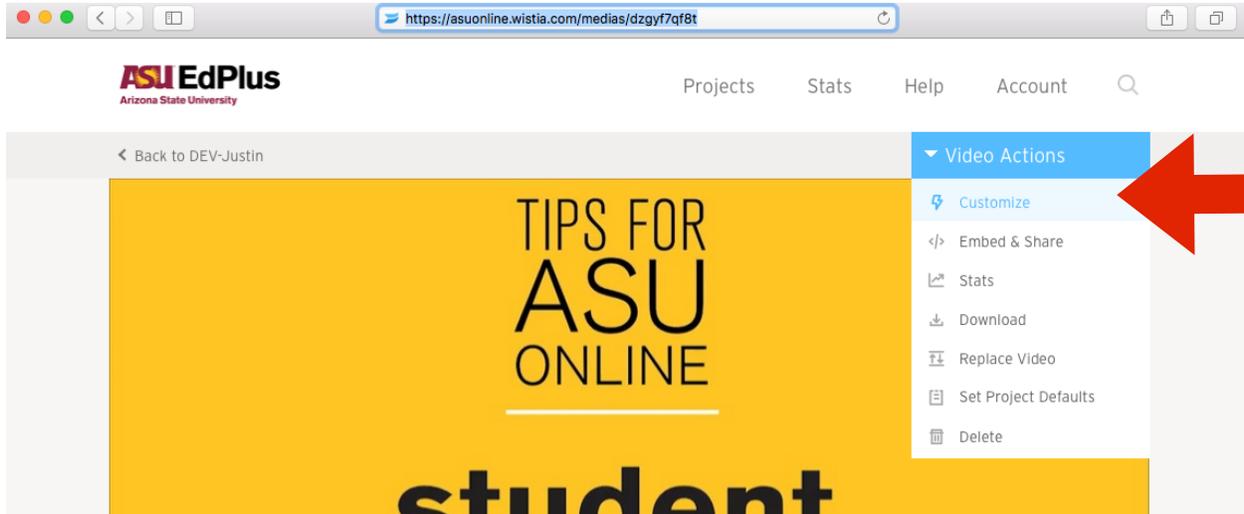

QUICK TIP: You can also past in the project link (the page with all videos too) to have all videos in that project submitted for captions.

Step 4: Captions are generated.

This step can take up to 48 hours.

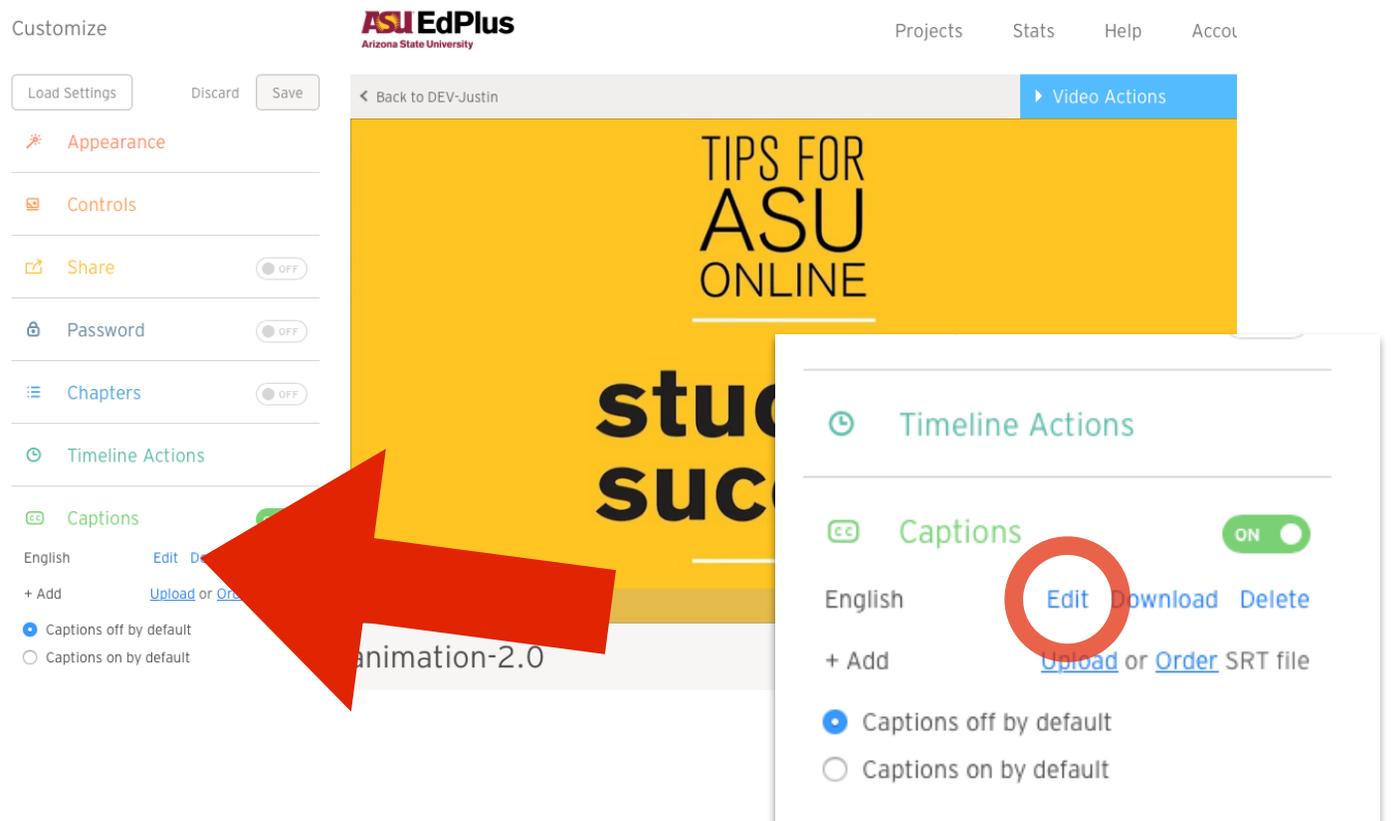

Step 5: Quality check and corrections.

After 48 hours navigate back to the video in Wistia. Under the video actions tab, select CUSTOMIZE.

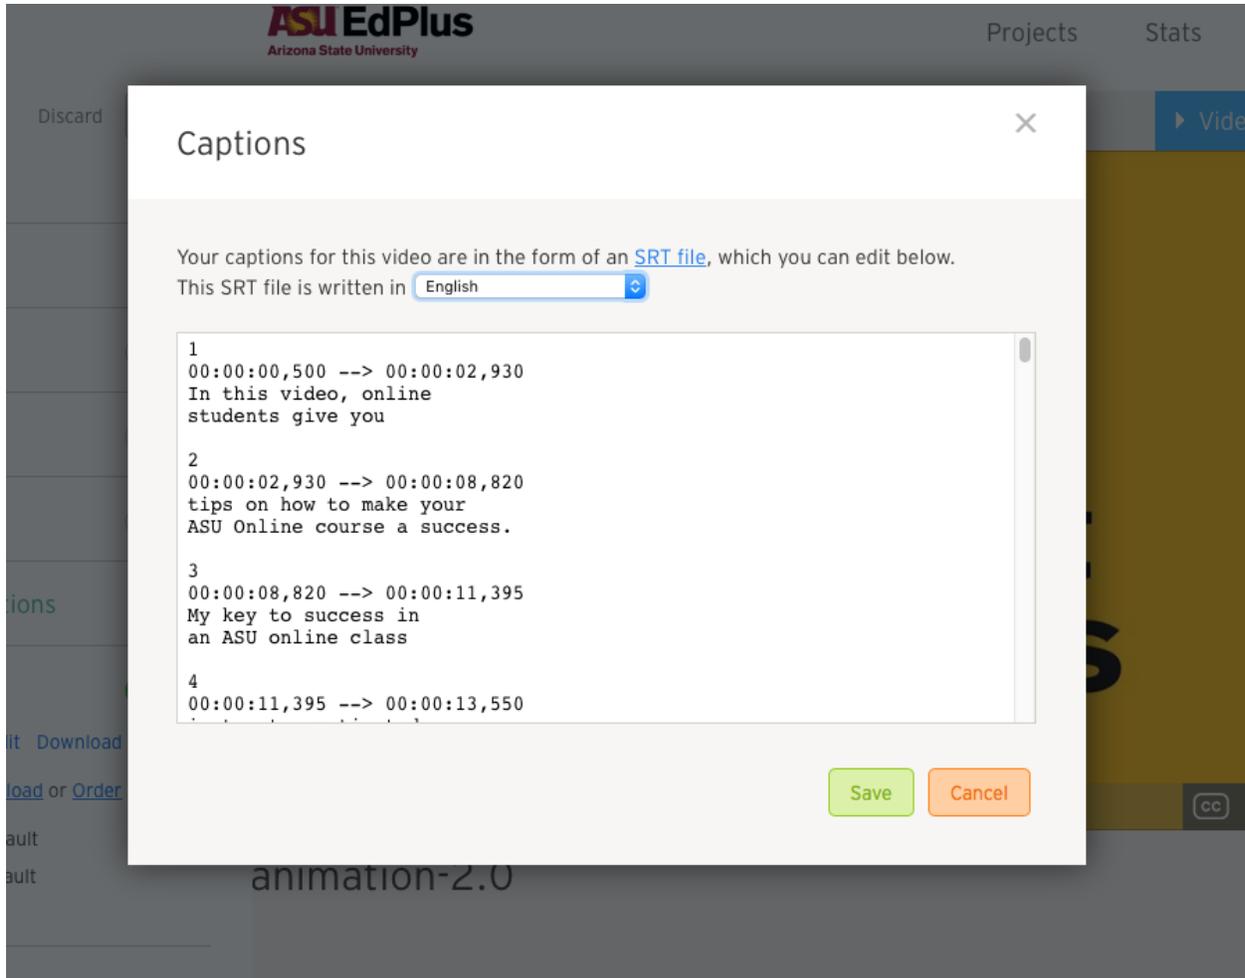

Step 5.1: Navigate to captions editor

In the CUSTOMIZE panel, the bottom line says CAPTIONS and there is a line for "English". To the right of that is a clickable text that says "Edit". Click that.

Step 5: Review transcript

With the transcript editor you can review all words for accuracy, spelling, and punctuation. Please read over the transcript and when you are done click the green SAVE button.

The screenshot shows the ASU EdPlus interface with a 'Captions' dialog box open. The dialog box has a title bar with 'Captions' and a close button. Below the title bar, there is a message: 'Your captions for this video are in the form of an [SRT file](#), which you can edit below.' Below this message is a dropdown menu showing 'English'. The main area of the dialog is a text editor containing the following SRT file content:

```
1
00:00:00,500 --> 00:00:02,930
In this video, online
students give you

2
00:00:02,930 --> 00:00:08,820
tips on how to make your
ASU Online course a success.

3
00:00:08,820 --> 00:00:11,395
My key to success in
an ASU online class

4
00:00:11,395 --> 00:00:13,550
```

At the bottom right of the dialog box are two buttons: a green 'Save' button and an orange 'Cancel' button. The background shows the ASU EdPlus logo and navigation tabs for 'Projects' and 'Stats'.

****SPECIAL NOTE**** Do not move the words to different areas in the transcript or change any of the time code as that will cause the captions to act unpredictably in the video player.

Conclusion:

The captions are now accurate and updated on the video. Reloading the page or navigating to the video in the course will show the updated video captions.

This completes the tutorial for submitting a request for computer generated captions and then also how to edit those captions.
